Transfer from the Hotel to Idroscalo by MCM.

10.00/11.30

Idroscalo

Water sports and entertainment centre run by the Metropolitan City of Milan.

Short visit of Idroscalo park.

1st Fieldwork Session at Idroscalo

There will be exposed all the activities of the Centre for sports (international meetings as well as family sports) and for entertainment (bathing, canoeing, etc.).

Strong and weak key points, good practices and, above all, the intervention of the authority in offering the city of Milan a good opportunity to enjoy water for sports and entertainment.

11.30/12.00

Transfer by MCM bus from Segrate to Milan.

12.00/12.30

Naviglio and Cascina Martesana

The visit will give evidence to the social and communication work of young men in restoring an old farmhouse from the ruins to a well run resort place for entertainment (in the evenings)

and cultural initiatives in the area. Very short walk through Gorla District (via Bertelli, Ponte Vecchio, Piazza dei Piccoli Martiri) and the Martesana Park. The visit will take place along the cycle lane which connects the city to the River Adda (Naviglio Martesana). This area is a fundamental point of territorial observation as it includes memories and new chances for developments from a suburb area to an important social place for nature and entertainment. Moreover Gorla is well known all over the world because of a tragic episode during the Second World War during which c.a. 200 children of the primary school died. There is a monument which is an international manifesto against all wars.
